EXPERIENCE

Wizard Computer Services

Canton, MA

Network Engineer July 2025 – Present

- Managed Microsoft 365 and Azure AD environments, including user provisioning, group policy, and conditional access configuration.
- Configured and maintained SonicWall firewalls, SSL-VPNs, and site-to-site tunnels to ensure secure remote and inter-office connectivity.
- Administered Intune and endpoint management policies, automating device deployment and maintaining compliance across hybrid infrastructures.
- Utilized PowerShell and M365 admin tools for automation and reporting, streamlining account management and system auditing.

CVM Inc.

Branford, CT

Systems Engineer Jan 2024 – June 2025

- Administered and maintained Microsoft Active Directory, SQL Server, and Exchange, delivering robust and secure IT infrastructure solutions.
- Configured and troubleshooted Windows and VMware environments, resolving complex technical issues to minimize downtime.
- Provided application management and storage solutions, enhancing system efficiency and data accessibility across client systems.

Centrend Inc.

Sturbridge, MA

Manager of Technical Services

June 2021- Jan 2024

- Led LAN/WAN, Firewall, VPN, and VLAN integrations for improved client networks.
- Managed Active Directory, SQL Server, and Exchange for secure IT environments.
- Configured and troubleshooted Windows and VMware systems to reduce downtime.

Microsoft Corporate

Boston, MA

Web Sales and Support Specialist

July 2019 - June 2021

- Steered SMB deployment, enhancing business visibility and reach.
- Facilitated optimal online shopping experiences for business and consumer segments.
- Provided insightful advice for customers considering technology purchases, aiding decision-making processes.

Centrend Inc.

Technical Consultant

Sturbridge, MA
June 2015 - July 2019

- Delivered on-site and remote technical support, minimizing system-related downtime.
- Collaborated on system reports, laying groundwork for notable system improvements.
- Promoted a knowledge-sharing environment, optimizing team problem-solving efficiency.
